

Society Sets Meeting Friday

The Metropolitan Cactus and Succulent Society will hold their regular meeting Friday, April 14 at 7:30 p.m. in the Optimist Club, 15628 Hawthorne Blvd., Lawndale.

Crosby, of the Crosby Cacti and Succulent Nursery of Malibu Canyon, will speak on "Introduction to Cacti." This is an excellent opportunity to hear an authority on Cacti. A plant table, door prizes, surprise package and refreshments will be offered.

The public is invited to attend, said Mrs. Weaver.

Music Sunday At Seaside

April 16 is Music Sunday at Seaside Community Church, 230th and Ocean Ave., Torrance. Recognizing the importance of music to the atmosphere of church, Seaside sets this Sunday, aside to give emphasis to this special ministry.

Included in the worship service will be a special organ offertory, "Fugue in C Major," by Mrs. Wm. Parker. The Chancel choir will sing "Go Not Far From Me" by G. P. G. and there will be a solo by Mrs. Edward Harrington.

The pastor's sermon will be "Church Music: Lifting

Man Up or Pulling God Down." Worship service begins at 10 a.m.

FASHION SHOW HELD
"Fashions by Minty" will be the theme of the fashion show luncheon slated for today by the Torrance Welcome Wagon at the Redondo Beach. An oriental setting has been planned for the annual spring fashion show and luncheon.

HANGING BASKET
Start a hanging basket of Fuchsias for summer bloom. Two or three small plants can be put in one large container.

"Balanced Power" Model Home Being Constructed

A new concept of energy utilization in the home is fast becoming a reality at the Memorial Coliseum Sports Arena, where construction is well under way on history's first "Balanced Power" model home for the 1961 Home Show.

Selected as a featured exhibit of this year's Home Show, running May 25 through June 4, this first "Balanced Power" home is being built by the R. A. Watt Construction Company, it was announced this week by G. M. Babbe of the Southern California Gas Company.

POWER SOURCE
A Sunray Estates Home, the model is designed to allow each household job to be done by the power source that can do it most efficiently, most conveniently, and at lowest cost, Babbe said.

"In the Sunray house," Babbe explained, "modern natural gas equipment will handle the household jobs it can do with the most ease, speed and economy, such as cooking, water heating, heating and clothes drying, while electric facilities will be provided for lighting, radio and television, and other electric

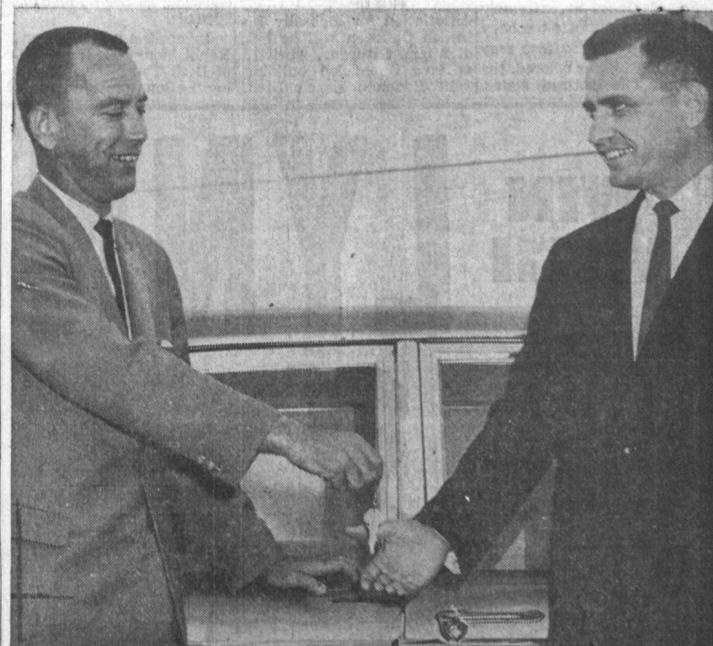

motors and small plug-in appliances.

The Sunray Home was designed by W. A. Pollack, A.I.R.D. and offers the latest home-building ideas in a California rustic architectural theme. It will include four bedrooms, two baths, family room, automatic all-gas built-in kitchen, living room and complete utility area. Interior decoration in an American provincial motif will be provided by Craftsman Interiors. Planned in a "zone" design, the 1,471 sq. ft. house has three district areas—utility, living and sleeping. It features a large entryway which provides a foyer before entering the living areas. Also, outdoor living areas are easily accessible from both family and living rooms.

The Sunray "Balanced Power" home will be located at the west end of the Sports Arena on the Santa Barbara Street side.

DINNER GUESTS

Fermin Lasuen Fiesta Grand Prize Revealed

In a ceremony today signaling start of the Fermin Lasuen Youth Club membership drive, keys to a 1961 Comet were handed to Ken Linne of the Padre Club by Sam Priestly, general manager of Cabrillo Motors. The four door sedan equipped with radio, heater, and white sidewalls is the grand prize of the Fermin Lasuen Fiesta slated for May 12, 13, and 14 and will be awarded to a membership holder as a climax to the festivities on the night of May 14.

In making the transfer, Priestly assured Linne that the winner of the Comet will, as a special courtesy, be allowed to select from ten exterior colors with coordinated interior finish. "Some Fiesta guest is going to be very lucky indeed to win this fine 6-passenger compact," he said.

The three day fund raising event is under the general chairmanship of John Perini of South Shores and Mrs. Henry J. Smith of San Pedro and will be held on the campus at 2100 South Western Avenue. Features will include booths of all types, rides, games, hot and cold food and refreshment. Fermin Lasuen Fiesta will be launched on May 6 with an informal dance at the

Yugoslav - American Club with Dr. Andrew J. De Paolo and Mrs. Francis Leo Foley, Jr. in charge. Tickets may be obtained by calling either TE 3-1520 or TE 3-4527.

Feature of the Fiesta is a Mother's Day Dinner to be served in the assembly hall at Lasuen from 1 until 7 p.m. on Sunday, May 14.

AGE AN ASSET
You must select today's house with an eye toward what it will look like 20 years from now. The house should be of sturdy construction and you should find durable quality materials such as ceramic tile used on walls and floors. There should be provision for expansion and for addition of a new room, such as a second bath, a laundry room or a recreation room.

Shearer Jewelers Opens in New Rolling Hills Plaza

Shearer Jewelers is the most recent merchant to open its doors in the South Bay's newest center, Rolling Hills Plaza. Located at the corner of Crenshaw Boulevard and Pacific Coast Highway in Torrance, Rolling Hills Plaza serves both the Torrance-Lomita area and the entire Palos Verdes Peninsula.

Walter Shearer comes to the South Bay after thirteen years in a single location in Inglewood. Specializing in diamond setting, fine repair work and the sale of quality brand name jewelry, Shearer Jewelers offers this fast-growing area a jewelry shop unique for its uncluttered appearance and its thoughtful selection of moderately priced merchandise.

"I am convinced that Rolling Hills Plaza, with its ample parking, and its plan for community promotions, will do an outstanding job of serving the people in its market area," Shearer said.

A native of Iowa, Shearer is active in the Elks, Moose and Odd Fellow Lodges, and is the father of five children.
